INTERNATIONAL SEARCH REPORT		International application No. PCT/JP2006/315698
Box No. II Observations where certain claims were found unsearchable (Continuation of item 2 of first sheet)		
<p>This international search report has not been established in respect of certain claims under Article 17(2)(a) for the following reasons:</p> <p>1. <input type="checkbox"/> Claims Nos.: because they relate to subject matter not required to be searched by this Authority, namely:</p> <p>2. <input type="checkbox"/> Claims Nos.: because they relate to parts of the international application that do not comply with the prescribed requirements to such an extent that no meaningful international search can be carried out, specifically:</p> <p>3. <input type="checkbox"/> Claims Nos.: because they are dependent claims and are not drafted in accordance with the second and third sentences of Rule 6.4(a).</p>		
Box No. III Observations where unity of invention is lacking (Continuation of item 3 of first sheet)		
<p>This International Searching Authority found multiple inventions in this international application, as follows:</p> <p>The "special technical feature" of the invention of claim 80 resides in a pharmaceutical composition comprising a VEGF receptor kinase inhibitor. However, the pharmaceutical composition is already known, as disclosed in Document 1. Further, there is no technical relationship involving a corresponding special technical feature between the invention of claim 80 and the inventions of other claims. Thus, it cannot be considered that the invention of claim 80 and the inventions of other claims are so related as to form a single general inventive concept.</p> <p>1. <input type="checkbox"/> As all required additional search fees were timely paid by the applicant, this international search report covers all searchable claims.</p> <p>2. <input checked="" type="checkbox"/> As all searchable claims could be searched without effort justifying an additional fee, this Authority did not invite payment of any additional fee.</p> <p>3. <input type="checkbox"/> As only some of the required additional search fees were timely paid by the applicant, this international search report covers only those claims for which fees were paid, specifically claims Nos.:</p> <p>4. <input type="checkbox"/> No required additional search fees were timely paid by the applicant. Consequently, this international search report is restricted to the invention first mentioned in the claims; it is covered by claims Nos.:</p>		
Remark on Protest <p><input type="checkbox"/> The additional search fees were accompanied by the applicant's protest and, where applicable, payment of a protest fee..</p> <p><input type="checkbox"/> The additional search fees were accompanied by the applicant's protest but the applicable protest fee was not paid within the time limit specified in the invitation.</p> <p><input type="checkbox"/> No protest accompanied the payment of additional search fees.</p>		

Form PCT/ISA/210 (confirmation of first sheet (2)) (April 2005)
